www.pmibangalorechapter.org
PMI Bangalore India Chapter, the second largest Chapter in the Asia-Pacific Region, brings to you its largest Project Management event – PMPC 2014, its ninth annual conference. In the relentless pursuit by the Chapter to offer great value propositions to the PM practitioner community in this region, PMPC is considered the high point of the activities for the year.

PMPC is a cross industry platform for PM Practitioners, Thought Leaders, Government Organizations, Academia and Product Vendors to experience, educate and enrich themselves and their constituents. The Conference brings project management thought leadership from a variety of projects and practices to help realize the value of project management in enterprise as well as social sector. In the process, the Conference also aims to provide a platform for the participants to learn, share, network and grow.

After the successful hosting of Project Management Practitioners’ Conference 2013, this year’s conference with the theme of “ARCHITECTING PROJECT MANAGEMENT for transforming lives...” takes forward the journey that the Chapter embarked in 2006.

---

**Inaugural Speaker**

**Mr. R. S. Sodhi**
Managing Director, Gujarat Co-operative Milk Marketing Federation (Amul)

**Spearheading India's white revolution**
What better way to start the conference than to learn from the person who is heading a program that is older than our independence, a program that benefited over 3.5 million people and gave us a brand that is recognized world-wide.

---

**Plenary Address**

**Mr. Anjum Parwez, IAS**
Chairman, BWSSB & Former Managing Director, Bangalore Metropolitan Transport Corporation

**Large Government Sector Projects that impact day-to-day life of common man**
The delegates will have the privilege of listening to the person who till recently led one of the best and profitable City Transport Corporations in India.

---

**Valedictory Speaker**

**Dr. Hoysala N Chanakya**
Chief Research Scientist, Centre for Sustainable Technologies, IISc, Bangalore

**Effective Solid Waste Management – Reality or Myth**
Dr. Hoysala will share his insight on how effective solid waste management can contribute to sustainable growth and energy especially in rural setup and its positive impact in the industrial ecology for developing countries.

---

**Keynote Speakers**

**Mr. Deepak Kapur**
Chairman, Rotary India National Polio Plus Committee

**Polio Eradication Program & its impact on our future generation**
On March 27, 2014 World Health Organization officially declared India Polio-free. Back in 1995, Polio used to cripple over 50,000 children every year. The program lasted 19 years and involved 2.3 million volunteers and 150000 officials relentlessly reaching out to vaccinate every child in the country. Rotary International deployed a strong team of 120,000 volunteers under the leadership of Dr. Deepak Kapur to fight this dreaded disease.

**Dr. Thimmaiah Guruprasad**
Associate Director Marketing and Head of ABIDE, Biocon Ltd.

**To facilitate accessibility of affordable, innovative and appropriate therapy for diabetic people**
This session will focus on how ABIDE is pioneering the initiative in diabetes education by providing affordable, innovative and appropriate training and therapy in the treatment and management of the ailment based on new research and methodologies, thereby transforming lives of many.

**Dr. D. S. Ravindran, IFS**
Director, Fiscal Policy Institute, Finance Department, Govt. of Karnataka, Bangalore

**Governance of Transformation Projects of Karnataka**
Transformation of lives start with Transformation of Government operations leading to speed and transparency. Initiatives like Bangalore One and eProcurement have delivered immense benefits to people of Karnataka directly and indirectly. Dr. Ravindran shares the highlights of some of the projects.

---

**Mr. Pramod Kulkarni**
Founder, Prerana and SATHI, Bangalore

**Challenges in social projects**
His speech will elucidate how Prerana has nurtured several needy students to complete their graduation and made them employable ensuring their family will never go back to poverty. A huge transformational and inspiring story.

---

**Mr. Raja Shanmugam**
Co-founder, President & Chief People Officer, Happiest Minds Technologies Pvt. Ltd.

**Innovative people centric work practice – seeding of Happiest Minds and wellbeing**
In his keynote address, Raja will touch upon some of the path breaking initiatives that he is launching which helps people discover their true potential in a people centric practice that transcends beyond work place.
Invited Speakers

Mr. R. SriKumar, Retd. IPS
Founder Trustee, Indian Centre for Social Transformation, Bangalore

**Unified Data and Information Portal for Open Governance**
His talk will unravel how ICST was able to leverage technology to build a world class platform for empowerment of citizens.

Ms. Pavithra Y. S.
Managing Director, Vindhya E-Infomedia Pvt. Ltd.

**Building a commercial IT Services organization with differently abled staff**
Vindhya, a socio-economic venture started by Ms. Pavithra, is India’s first and arguably world’s first business organization, which employs only people with different abilities as 100% of its production staff. Her speech will outline her journey and the social relevance of such transformations.

Inspirational Speaker

Dr. Arun Madhavan
Former Director of Standard Chartered Bank and Founder Trustee of Vyakthi Vikas Kendra, Art of Living

**Change the game: Manage your energy, not your time**
Leadership paradigm of the 20th century believed that motivating the workforce was the essence of leadership. The paradigm has now shifted from motivation to inspiration and the leaders have to be seen as role models to inspire and energize people. People turned most creative and innovative when their minds are energized by the examples set by their leaders.

Panel Discussion: Role of Technology in Transforming Lives

Prof. T. Sivanandam (Panel Host)
Director, Thiru Veni Consultants

Dr. N. Prakash
Director R&D, SunEdison

Mr. Sadashiva Baligar
VP Manufacturing, Toyota Motors (Automotive)

Mr. Vijay Kakade
VP, Automotive Division, Frost & Sullivan

Ms. Deepa Sathiram
Executive Director, En3 Sustainability Solutions Pvt. Ltd.

Mr. Anmol Nautiyal
Director, Enterprise Social Software and Smarter Workforce India and South Asia, IBM Software Group

Technology has a telling impact on our lives by influencing everything from day-to-day chores to the way we do business and to the way we should be restoring the ecological balance for a safe future for our children. The eminent panelists from diverse fields will reveal the application of some of these emerging technologies, which have brought in transformational changes in our lives.

Case Studies

Mr. Ravindra Kini B.
Director and Co-Founder, Affordable Business Solutions Pvt. Ltd. (ABS)

Mr. Vinay N Kumar
Director Operations, Akshaya Patra

**Role of Technology in bringing efficiency and scalability to one of the largest CSR Projects (Akshaya Patra)**
Akshaya Patra is a very large CSR project that provides meals to 1.3 million under-privileged school children. This case study shows how the integrated roll-out of MD Dynamics, has helped Akshaya Patra gain scalability and efficiency.

Mr. Ravinder Pal Singh
APJC Practice Head, Software Enabled Services, Cisco Systems

**Project Management for Smart Building and Cities - a New Paradigm**
Smart Cities and Communities Initiative holds enormous potential in the way it promises to shape our lives for the better in the foreseeable future with effective use of technology and resources. This case study depicts an instance of the same providing for better living by solving fundamental civic and infrastructure challenges of our cities.

Mr. M. S. Ashok
Founder-Director of Cirrus Management Services Pvt. Ltd.

Mr. Murari Thayi
Independent Project & Program Management Consultant

**Impactful CSR delivery**
Over the years, there has been substantial infusion of funds and efforts towards social projects, fuelling an expectation of better things to come for the deprived. However the reality check seems to suggest otherwise. This case study will dwell on those key aspects peculiar to a social sector project that one needs to be mindful to ensure the execution delivers intended outcome.
